Dear Mrs Campbell

Donor ID: 013385

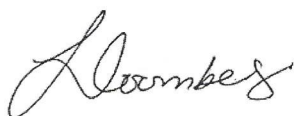

Thank you so much for supporting young people impacted by cancer with your generous donation of \$200.00. Your donation will help provide young people, like me and Alex, with the support we need to rebuild our lives after cancer has turned them upside down.

At just twenty years old, my older brother and only sibling James was diagnosed with inoperable renal translocation carcinoma (cancer of the kidney). Twelve months later he passed away. Just when life should've been full of possibilities, cancer crashed into my life and shattered everything.

Thanks to you, CanTeen provided me with the opportunity to meet other young people who understood what I was going through. Your donation today will help ensure other young people, like Alex, can connect with others who've experienced the same challenges and build resilience and confidence to get their lives back on track and face the challenges of cancer head on.

CanTeen is the only New Zealand organisation that supports 13-24-year-olds impacted by cancer. And so, your generosity is vital in ensuring no young person faces cancer alone. Thank you so much for your donation.

Warmest thanks,

Lucy Coombes
National President

CanTeen - The New Zealand Organisation Supporting Young People Living With Cancer Incorporated
