Dear Rob

Our sincere thanks for your donation In memory of someone dear to you. Your financial support will assist us to provide specialist medical and nursing care to patients when cure is no longer an option.

It has been a privilege to care for someone dear to you and to offer support services to their families. As you may already know the extent of our support services include health care assistance, counselling, social work, chaplaincy, bereavement support, books and resources, therapeutic and lymphoedema massage, day programme activities, loan of specialist equipment, a biography service, and volunteer support.

Your donation will help us to make a positive difference in the lives of other patients and families in our region, so thank you once again.

Kind regards

Richard Thurlow
Chief Executive Officer
